## Assignment - 8 - CSA

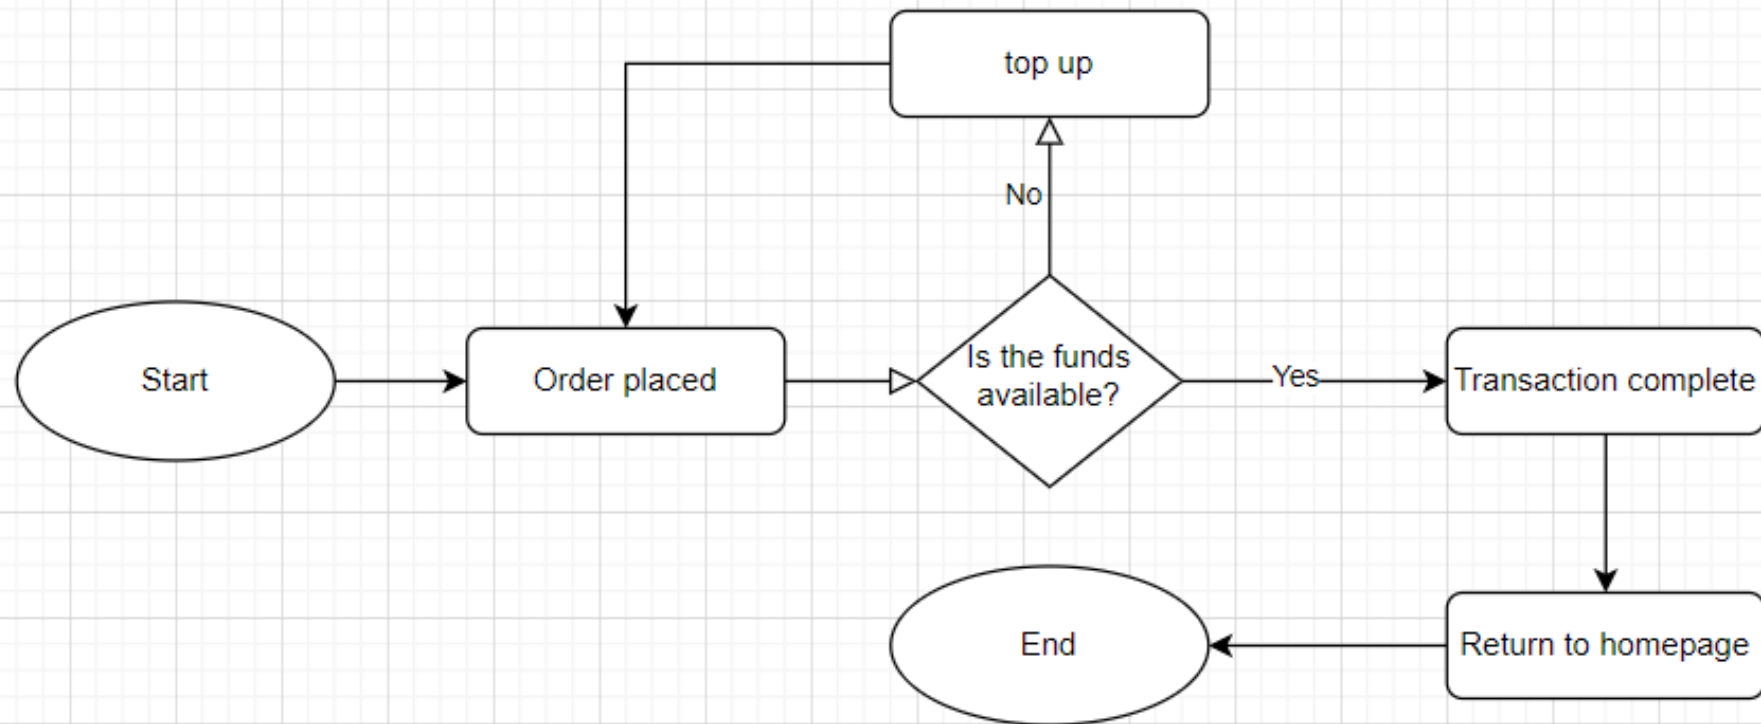

Using JAVA GUI or any programming of your group choice, build as follow:

### Payment

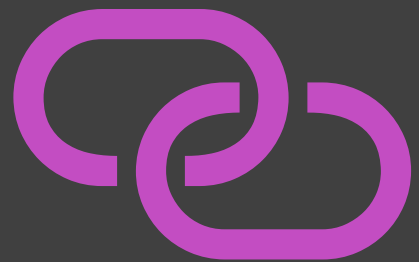

1. Add "Pay" button to go to payment page.
2. Create a schema to pay: (Choose either one: Manual Transfer, COD, eWallet, or anything else).
3. Create a flowchart of payment process.
4. Implement a prototype/dummy system of the payment process.

Make a presentation deck on all of the things above to be presented in next week.
